Voices From the Past

My family moved to Warwick in 1956. Listed here are some of small businesses that were in town during the 60's and 70's. This list is not 100% complete but it portrays what the town looked liked in this time period and I know I will probably miss some. A couple of these items have been mentioned in previous editions of this column. Things were very different 50 to 60 years ago in Warwick.

We had:

An antique shop. (Dorothea and Vincent Gilmore, on Northfield Rd. – now Jim Toth)).

A gun shop at 870 Wendell Road (Bucky Foster).

An insulation contractor (John Lawson, where Helen Hills now lives).

Three mink farms: Bob Kolka, Walter Romelt, and Ferdinand Kuljus.

  Kolka - Wendell Rd.,
  Romelt -White Rd. (now Janice Starmer),
  Kuljus - Shepardson Rd. (now Linda Styles).

Gasoline stations. Up to 5, (4 at one time!) The store, Mrs. Hazel Alden, Chas. Noel, Clark Lumber, Fred Lincoln (was for his logging business but would sell to you.).

The store. Groceries, meat, beer, wine, liquor, gasoline, etc.

Egg farm (Stan & Vi Anderson - Baker’s flats at 570 Orange Road)

Lithograph printing business (Ed Gillespie - Richmond Rd.)

Saw Mill. (Steve Clark, then David Young)

Chain saw shop. (Steve Clark)

Two seasonal concession stands (Moores Pond - Anna Farley, Laurel Lake beach (which is in Warwick) - Myron & Lillian Gibbs).

Woodworking shops (Allen & Ann Miner, Mike Humphries)

A disco dance hall called ‘UPTIGHT’. This was for teenagers and operated for a year, maybe two, around 1970 by the Curtis family. It featured a girl dancing in a bird cage hung from the rafters. Local girls would take turns. (In the barn on Flower Hill Rd. - Carl & Rotha Nordstedt farm, then Herman & Ingeborg Wirth).

Pullen Manor – a club/restaurant on Shepardson Rd. operated by Frederick Harris.

And, of course, the Warwick Inn. An inn, dining room, dance hall, and lounge.

  People would come from surrounding towns to enjoy the dance hall Friday, Saturday, and Sunday evenings.

  (Gosh, I miss this place. We had many lively and exciting after Town Meeting “Town Meetings” at the bar over the years).

Saturday, May 4th is Vernal Pool Day in Warwick!

Please join members of the Warwick Conservation Commission on Saturday, May 4 as we visit local vernal pools and learn about the amazing animals that depend on them. We will bring nets and other equipment to help us observe the vernal pool residents and/or their eggs and we will learn the steps necessary to permanently protect the vernal pool habitat.

Gather in front of the Town Hall at 1 p.m. to carpool to the site. Some hiking may be necessary so wear appropriate clothing for walking in the woods and waterproof footwear. Bug repellant also recommended.

Moore’s Pond Beach Committee
Lasagna Dinner
Warwick Town Hall

If you did not attend the Moore’s Pond Beach Committee Lasagna Dinner this past month, you missed a great meal and lots of fun. Mark your calendars for next April so you don’t miss it.

The dinner was $12 for adults and included your choice of meat or vegetable lasagna, salad, bread and butter, brownies with ice cream and a beverage (lemonade or coffee). All proceeds go to the water testing of Moore’s Pond Beach. This is their way of making sure the beach is safe for Warwick residents.

As most of you know, a dog was placed on the ice this year and a contest to guess when “Duncan” dunked in the water when the ice went out. Since there was not a clear time (between 12 and 1 PM on April 1st), there were 2 winners who were announced at the dinner. They each received tickets to the lasagna dinner and bragging rights for 2019.

Thanks go out to the beach committee and all the volunteers who put on a great meal and set up “Duncan”. We all look forward to next year’s event.

Solar Access - the perfect union of solar electric panels and air source heat pumps for middle and low-income households.

BENEFITS FOR PARTICIPANTS:
Step-by-step guidance through the program
10+ year equipment warranty
One easy monthly payment
Increased value of your home

Working with an energy expert at the Center for Ecological Technology (CET), you will be guided through the program, which adds a special Solar Access incentive to the existing combination of electric utility, state, and federal incentives for solar electric panels. Customers are able to combine all of the possible incentives, programs and technical resources under one umbrella to ensure qualification and access to all of the rebates and incentives for this technology.

By enrolling in a UMassFive College Credit Union loan, you will own your solar panels (a much better deal than leasing them) and you will pay less than you currently spend on heat and electricity. With the heat pump you get the added bonus of air conditioning.

FINANCIAL INCENTIVES:
Federal: 30% solar tax credit
Massachusetts: 10% solar tax credit, MassCEC heat pump rebate, low interest Mass Solar Loan with a 30% principal reduction of up to $10,500 after installation
Electric Utility: Solar SMART incentives, Mass Save heat pump rebate, no interest HEAT Loan
Solar Access: First 6 monthly payments are made for you

Here are the household income guidelines to qualify for the 30% principal reduction for the Mass Solar loan.

Moore’s Pond Ice-out Contest Results

It's water over the dam at this point, but for those who haven’t heard over the L, I’d like to announce that Duncan, the concrete Scotty dog, dove through the ice between 12:00 noon and 1:00 pm on Monday, April 1, defining ice-out for the purposes of our contest. Sue O’Reilly-McRae, who guessed 12:00, and Sandy Renna, who guessed 1:00, were declared co-winners after it was found that the official timing device, the cheapest analog watch I could buy, failed to fail when immersed. It was still ticking three days later when I pulled it out of the pond. It’s hard to get lack of quality when you need it.

Sue and Sandy each received a meal courtesy of the Beach Committee Lasagna dinner (Sandy’s was delivered remotely) and hand painted glassware graciously donated (and painted) by Barbara Noel.

Thanks to all for the fun. We had 35 people who placed a guess, ranging from March 7 to May 5. Twenty-one guesses had passed when Duncan dunked, twelve guessed a later time than the winners.

Come on down on Saturday, May 18 at 9:00 in the morning to help with our annual beach cleanup. Work gloves are a good idea. You also might bring lawn and yard rakes if it’s convenient. Hope to see you there!

Minutes of the FOUR TOWNS Finance Committees (FC) and Selectboards (SB) 18 March 2019 at the COA

BERNARDSTON/LEYDEN/NORTHFIELD/WARWICK

Called to order at 6:33 p.m.

Members from all the four towns both FC’s and SB’s were in attendance.

A sign-in sheet is attachment 1.

The meeting was Co-Chaired by Northfield and Bernardston Finance Committee Chairpersons.

The main agenda topic was the current year PVRS budget and the impact on the towns of this budget and the future budgets going forward.

There was not agreement among the towns on whether or not the PVRS Committee had done enough to cut the current budget, given that the assessments of three of the towns will go up this budget cycle.

The towns voted without dissent, that should one or more of the PVRS schools close that the savings from that closure be given back to the towns directly through their assessments and not be utilized by PVRS.

There is a majority view that is not unanimous among the towns that the current School Committee membership does not understand or appreciate the deep concerns that the four towns have about the entire operation of the school district now and going forward.

Another topic was the contract given the PVRS Superintendent by the School Committee. At least two towns have sent letters to the MA Education Department on the issue of the contract. At time of this meeting neither town has had any feedback from the letters.

There was a detailed discussion of cost sharing ideas for Town services. Bernardston had offered a list that included Town Accountant, Highway Superintendent, and Library Director. A SB member from Leyden said that more town services including Police and Fire should be looked at to see if savings were possible. All four towns agreed that finding possible savings by combining or sharing town services was important.

This body will meet again at 7 p.m. on 10 June 2019 at the COA building in Bernardston, MA

David Lorenz Bernardston Finance Committee
Dear Friends,

"...the whole multitude of the disciples began to rejoice and praise God with a loud
voice for all the mighty works they had seen, saying, 'Blessed is the King who comes in the
name of the Lord!...Some of the Pharisees in the multitude said to him, 'Teacher, rebuke your
disciples.' He answered, 'I tell you, if these were silent, the very stones would cry out.'

And when he drew near and saw the city he wept over it, saying, 'Would that even
today you knew the things that make for peace!''

Luke 19: 37 - 41

How can you talk about the gospel of Jesus and not talk about politics? Jesus was very much a political
figure. He was a rabble-rouser. The above passage from Luke describes Jesus leading a political demonstration. It
was in direct opposition to the Roman governor of the district, Pontius Pilate, who was, at the same time, entering
the main gates of Jerusalem, riding his war horse, surrounded by his legions in full display of the military
might of Rome.

The Pharisees in the crowd were well aware of the overt symbolism and they were very nervous. Calling
Jesus “King” was a direct challenge to the power and authority of Caesar. Remember, this occurred at the beginning
of the observance of Passover, the celebration of the Hebrews’ liberation from the tyranny of the Egyptian
empire. It was a touchy time, with many Jews looking for the Messiah who would release them from the tyranny
of Rome. That’s why Pilate was entering with the military might of Rome on full display. The religious leaders
needed to reassure Rome of their allegiance and, at the same time, rid themselves of this irritating prophet in
their midst, whose first act, upon entering the Temple was to overturn the tables of the merchants and money
changers, a Temple revenue source. By Friday, they had had it and, with the cooperation of Rome, they had Jesus expeditiously tried, convicted and crucified, executed as an insurrectionist; crucifixion was reserved for rebel leaders and terrorists. Good Friday seemed to affirm the superiority of oppressive violence, but Easter revealed its impotence.

This year Earth Day falls on the Monday following Easter. Jesus had said that if his followers were sil-
enced, the very earth would cry out. He had few followers among the religious leadership, his most vocal fol-
lowers were not beneficiaries of the military-financial-religious status quo, they suffered from it. Jesus identified
with them, ate with them, suffered with them. He used language they understood, language of the earth, lan-
guage of mutual, loving care and respect. It was a language that connected them with the land that gave them
sustenance and the community that nurtured them. His was Easter language. Then and now, the language of
Power is one of division and conquest, of “ownership”, of extraction and abuse, of coercion and lies; Good Friday
language.

We may well live in a “Good Friday World”, but we don’t have to be “Good Friday People”, we can
choose to be “Easter People”, resolutely working to restore and resurrect the world that was created by God, in
love, and called “good” by God. I have heard some, who call themselves Christians, say that God will not let the
earth be destroyed so don’t worry about what appears to be happening, just sit back and enjoy the wealth we
derive from the “gifts” of God. As “Easter People” we are called to be the ones who loudly proclaim, “the earth
and the fullness thereof is the Lord’s”, who care enough about the health and the wholeness of the “Kingdom of
God” to stand against the powers of death and destruction, avarice and denial that constitute the “Good Friday”
authorities; religious as well as secular. The “gifts” of creation are not for us alone, they are for us to use with
loving care, in such a way that those coming after us will also know and have access to the blessings of God’s
good earth. Resurrection and restoration IS possible, but the people and the earth need to raise our voices in
mutual harmony to shake the power structure of domination and death.

In hopeful faith, Dan

You can Help Change the Massachusetts Flag and Seal

An image of white supremacy since 1629.

With the 400th anniversary of the Mayflower landing approaching in 2020, it is time to adopt a state flag that reflects harmony between ALL Peoples of the Commonwealth.

For the last 35 years legislation to change the Mass State Flag and Seal has been bottled up in the state legislature. The legislation has been strongly revised and reintroduced as House bill H 2776 and Senate bill S 1877.

When it passes, the legislation will set up a commission where Native leaders from Massachusetts will be invited to sit with state legislators to design a new state flag and seal. We need your help to finally get this bill passed.

TO BE VOTED on with a non-binding resolution at May 6 Town Meeting to request that the state legislature appoint a commission to update the state flag and seal. Towns around the state are being asked to support this resolution.

HERE'S HOW YOU CAN HELP

1. CALL YOUR STATE SENATOR AND REPRESENTATIVE. Ask them to support the legislation to change the Mass Flag and Seal; the bill numbers in the House and Senate are H 2776 and S 1877.

To find their phone numbers go to: www.malegislature.gov/Search/FindMyLegislator

2. PLEASE SHARE OUR WEBSITE ACROSS YOUR STATEWIDE NETWORKS

Warwick Open Space and Recreation Plan

Why should I take the time to complete this survey?

Your answers will form the basis for an Open Space and Recreation Plan for Warwick and help the Town as it continues to develop land-use policies and priorities for town government’s use in planning for future growth and protecting our natural, scenic and historic resources—all of the things that make Warwick a special place to live. The plan will help Warwick qualify for federal and state funding for land conservation, parks and outdoor recreation opportunities. All responses are anonymous.

What is Open Space?

Open space is public or privately owned, undeveloped lands that are important to Warwick residents for a variety of reasons, including recreation, agriculture, forestry, wildlife habitat, clean air, protection of drinking water, or simply because of their scenic qualities and contribution to the overall character of our Town.

Please take the time to answer all the questions in this survey. We value your input—and welcome comments, which should be written on a separate sheet or sheets, identified by the number of the question they refer to, and attached to the survey. Fold the completed survey in half and staple or tape it closed. Then deposit it in the black mailbox in front of Town Hall, or at the Warwick Free Public Library. If you or any family member would like an additional copy of the survey, they are available at the library and can be downloaded from the town Web site www.warwickma.org

We encourage everyone in a household to fill out a separate questionnaire.

Please return your completed survey by Friday, May 31, 2019

Please place a check mark (✓) or x in the box that best reflects your answer to each of the questions below and write in responses, as appropriate:
