Confidence is a choice: “Confidence is a choice. Like, the really awesome thing about confidence is that you can just start acting like it, even if you feel like you don’t have any. For example, I used to like, not be confident, at all. But then one day I'm like, hmm, I want to be confident. So then I just kinda started acting like it, and then it made me feel good, and then I actually started being confident, like, without trying. And like, a big part of being confident is being brave, and you can't be brave unless you're scared. So for those of you who are feeling scared about being confident, it’s actually a big part of confidence—to be scared. And that’s normal, cuz you can't be confident without being scared. So go out there and just like, be confident; and if you don't feel confident, just do it anyway, and make yourself confident.” - Kayla, 13-year old videographer and main character in *Eight Grade*, a 2018 film by Bo Burnham (available at the Library)

Green Corner

My 13-year-old lab is the reason for my recent reacquaintance with Mass Save. During the several days of extremely high temperatures we experienced this spring, Rosie was uncomfortable even at night. To give her some relief, I turned on the only air conditioner in the house which is in the bedroom; a loud, laboring appliance that causes the lights to dim intermittently. In time it cooled the room down sufficiently and Rosie was content, but it occurred to me that this air conditioner was likely installed 30 years ago when the house was built. In thinking of getting a more efficient unit, I reached out to (who else?) the Warwick Buildings & Energy Committee for advice.

Janice Kurkoski suggested a totally different solution: a mini-split. I've seen several of them being installed in the neighborhood with good results; however, with two existing heat sources (a wood stove and a high-efficiency gas furnace as backup) and less need for cooling, a mini-split never seemed like a good solution for this house. Plus, cost? Then Janice suggested I get a Mass Save audit but having had one years ago after purchasing the house, I'd assumed that I wouldn't be eligible for another one.

I called Mass Save and after only a short wait on the phone and a basic questionnaire, an appointment was set up within a week. They offered a choice of virtual or in-person, and I opted for the latter. Rosie and I are looking forward to a new audit and learning about energy options which might be better and greener. I'll follow-up next month with what we find out!

~ Mary Humphries

GREEN: measurable and specific...great for the planet and good for our wallets, as well!

Happy Spring from your friends at the Warwick Buildings & Energy Committee

Warwick Trails Association
Karl Quackenbush Trail

On Saturday, June 12 at 4 p.m., about 30 people met to dedicate the Karl Quackenbush Trail in Warwick. After Brad Compton, Tom Ziniti (who also made the new signage), and Clare Green led the dedication and Clyde Perkins, Jr. played a tune on his pennywhistle, pieces of cake were enjoyed by all who attended. After the dedication, about 15 people, including Karl’s widow Nancy Hamden and six-year-old granddaughter Lydia Thompson, walked the Overlook Trail (0.3 miles) and then onto the Karl Quackenbush Trail (0.4 mile).

Warwick Historical Society News

The Warwick Historical Society Building will be open for perusal on July 11, Sunday, 2 to 4 PM. This coincides with the hours of the ice cream social on the Warwick Common. Stop in and take a look around. Always something interesting to discover from times of yore. Assorted maps, t-shirts, and other items are for sale. Consider becoming a member of WHS.

WHS will be otherwise open by appointment only, by calling Larry Carey, to arrange a time. His number is 978 544 7545.

Ned Green Scholarship

We are pleased to announce that Warwick graduating PVRSD senior, Sarah Johnson, was the recipient of the 20th annual Ned Green Scholarship Fund. She will be attending UMass, Amherst, in the fall. Congratulations, Sarah! Best of luck to you! Also, a special thanks to all the local donors who helped to make this possible, even during a pandemic. We hope to be able to do the Mt. Grace hike next year, always the Saturday of Mother's Day weekend. All ages welcomed.

Clare Green

Thank you from Clare Green:
June 12, 2021, was an auspicious day in Warwick and not just for the blue sky and warm weather and gathering of friends and neighbors, but Bob Dylan songs were sung at the “Common ” by a variety of musicians that Jim McCrae had pre-arranged. It was a welcome venue, especially after experiencing the pandemic. Thank you to all musicians helping to celebrate Dylan's 80th birthday. The audience loved it! Great idea!

Also the Karl Quackenbush Trail was dedicated. It was a memorable event. Be sure to hike the trail at the Hockanum Overlook. Accessible to all ages.

Sunny Side Diner
241 Main St
Bennington, VT 05201

Hours:
Monday: 7:00 AM - 2:00 PM
Tuesday: Closed
Wednesday - Sunday: 7:00 AM - 2:00 PM

About an hour and a half ride from Warwick, I found a neat little diner which is open for breakfast and lunch only. The service was excellent and the food was great. I had my usual breakfast when eating out, 2 eggs over easy, crisp bacon, home fries, and toast. Eggs were cooked perfectly and so wasn’t the bacon. The home fries were the red bliss and cooked just like I like them, not too much onion but just enough to add some flavor. And they had sourdough bread and lightly toasted that so my whole meal was just like I like it. My friend had a Sausage Breakfast Sandwich and commented that it was the best sandwich ever, on a homemade biscuit, with egg, cheese and a sausage patty. The coffee was the best and very fresh even though we were eating at 11:30ish. And they continued to brew fresh coffee while we were there.

It’s a beautiful ride over Route 9 from Brattleboro over the Molly Stark Highway. You can stop along the way at Hogback Mountain and catch the view of the mountains and take a break. We stopped for breakfast at Sunny Side Diner before going to The Bennington Museum which we found a beautiful little museum with lovely displays of Robert Frost, Gramma Moses, and the Battle of Bennington. You too could combine the two.

Additional options if you are in the mood.
The Bennington Monument where you can take an elevator ($5/$3 for seniors) to the top of the monument.
Tour The First Congregational Church of Bennington, also known as the Old First Church, is a historic church in Old Bennington. The congregation was organized in 1762 and the current meeting house was built in 1805.
The adjacent cemetery Old Bennington Cemetery, also known as Old First Church Cemetery or Old First Congregational Church Cemetery, was designated by the Vermont legislature as "Vermont's Sacred Acre". Many are buried there from the Battle of Bennington but the most famous is Robert Frost the poet. Markings lead you right to the grave.

Highly recommend Sunny Side Diner and any of the additional options if you want to make a day of it.
Bon Appetite.

What’s happening:

The Warwick Community School (WCS) continues to be actively used.

The first of two 3-week youth sessions supported by Antioch University is underway; the second will start on July 12th, with a focus on forest & field environments. If interested, email Brian Snell bwilliamsnell@gmail.com or call Janice at 978-544-8968.

The Selectboard have begun to meet at the school in person (with online access as well). The Historical Commission and other town groups have met there. Yoga happens on Wednesdays (4pm) & Saturdays(10am). Free Food Fridays at 11 am.

The garden club of the Warwick Community Home-School Coop created a new large garden bed and planted many vegetables. Many thanks to Tracey Kirley, Amber & Adam Holloway, the Recreation Committee for a donation of loam and Don Matthews Excavating for moving the loam.

The HVAC system at WCS has been re-vamped over the last year thanks to the Buildings & Energy Committee and Green Communities grants. Smart building controls have greatly improved ventilation with occupancy-based air-exchange operation. Linked thermostats monitor Co2, humidity and temperatures.

Warwick representatives had a follow-up meeting with officials from the Department of Elementary and Secondary Education (DESE) on June 10th. Three draft sections of Warwick’s long-range educational plan were prepared and shared with DESE in advance of the meeting. The administrative structure was discussed as well as Warwick’s facility (the Community School) and geographical/physical characteristics. More specific DESE feedback is expected shortly. Another meeting is in the works for August, with other sections of the long-range plan being developed.

The Warwick Governance Committee (Pro Tem) has been meeting regularly. They have been developing policies for a new school committee to be elected next year. In addition, they have had meetings with potential regional collaborators.

The planning continues for the Pavilion/Amphitheater and Outdoor Classroom at the Warwick Community School. The Selectboard has reviewed designs and visited the site; a construction plan is being finalized. The Pavilion fund appeal, begun in December, has already raised over $7000. Many thanks to the numerous Warwick residents and supporters from near and far!!

Interested in supporting the pavilion project? Make checks payable to: Town of Warwick – Pavilion Please mail to: Town of Warwick, Pavilion Project 41 Winchester Rd, Warwick, MA 01378.

Want to be updated on Warwick’s School Renewal? Visit our Facebook page and stay tuned, a website about to be launched. Or Contact Adam Holloway: 978-501-0609 or Tom Wyatt 413-768-8641 or email: school-redesign@town.warwick.ma.us. We are looking for partnerships with businesses, organizations, colleges & schools, towns and concerned citizens in our region. With a “chorus of support” Warwick can re-open its elementary school!

Warwick: committed to educating Warwick youth in town since 1768.
Dear Friends,

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.

Preamble to the Declaration of Independence

As we celebrate the anniversary of the declared independence of the United States, we rightly celebrate the founding principles of equality and freedom from oppression. These statements of principle are certainly lofty goals, and worthy of pursuing, but we seem to have lost track of the collective nature of those ideals. The concept of my individual rights as the governing ideal has, in large part, displaced the idea of having responsibilities to the community in which we live.

We are not distinct, disconnected individuals; we are part of a much greater whole. Decisions we make, actions we take affect people around us and the world we live in. If we all try to maximize our personal gain, without regard to what impact that has on those around us we end up with a fragile and fractured society at war with itself. We become cancerous; mutated cells that self-replicate to the detriment of the host body. We can reduce our chances of contracting cancer by maintaining strong, healthy bodies, eating healthy foods in moderation, exercising the whole body and mind, paying attention and limiting our exposure to harmful elements. This means paying attention to how we live and that can, at times, feel tedious and boring. We have become conditioned to crave sweet, highly processed foods and we indulge our developed appetites even though we know that too much refined sugar and overly processed foods can make our bodies vulnerable to many maladies.

Similarly, we have become conditioned to ingesting simplistic, highly processed soundbites seasoned with large doses of cynicism that feel immediately gratifying, but can poison relationships and disrupt constructive social interactions. Cancerous cells of hatred and violence thrive under these conditions threatening the health of the body politic.

Our local communities are only as strong as the bonds of mutual care we acknowledge and nurture. Our nation is only as strong as the bonds of common cause we develop among diverse communities. Identifying past and present behaviors of bigotry, racism, sexism and other “isms” does not mean we hate our community or country any more than scheduling regular medical checkups means we hate our bodies. Indeed, by identifying past wrongs we can correct present harmful actions to make our future relationships, our communities and our nation stronger, healthier and more enduring.

We have begun the long and difficult process of becoming a more compassionate and inclusive society. I pray that we find the will and the courage to continue pursuing the ideals of true equality for all, making the Declaration more than just empty words.

In hopeful faith,  Dan.

FREE FOOD FRIDAYS  11 AM  Thanks to Cliff Fournier, Zac Marti, Brian Snell and many others, we have free food to give to those in the surrounding community. We are hopeful that we will soon have a suitable site at the Metcalf Chapel that is more visible than our present site at the Warwick Community School, but for now, come to the school. We are getting more fresh vegetables in addition to the meats, breads and other food coming from Hannaford’s.
